PGT TRUCKING TO ACQUIRE KELWORTH TRUCKING

April 25, 2014 (Monaca, PA) – PGT Trucking Inc., one of North America’s leading flatbed carriers, has signed a letter of intent to complete an asset purchase of Kelworth Trucking Company, based in Poteau, Oklahoma. Details of the deal have not been released, although PGT expects to complete the deal by early May.

Kelworth Trucking Company is a flatbed carrier operating throughout the continental United States and Canada. Their current headquarters is located in close proximity to the Interstate 40 corridor in Oklahoma just south of Ft. Smith, Arkansas. They have been in business for over 25 years and operate about 100 trucks. Scotty Jones is president of Kelworth and his son Jeff is vice president. Both will join PGT as a part of its management team.

“The addition of Kelworth is strategic in several ways,” said Gregg Troian, president of PGT. “Most importantly though, are the drivers and the facility location. These two important aspects of the acquisition provide strength to PGT by adding to our proud professional driver base and filling a void in the operating network.”

Kelworth Trucking is the second acquisition for PGT Trucking over the past 10 months. PGT acquired Liedtka Trucking, Trenton New Jersey, in August 2013.
